Subheading

Testing the heading and the subheading.

Images

Displaying an image at the top (id=112).

Links

Testing some kinds of links over here: The main page as direct page The main page as direct new page The main page as direct new page without follow

Some Variables

First with double curly brackets and then with double square brackets.
Open this page with a query

domain: {{domain}} | [[domain]]
domainlang: {{domainlang}} | [[domainlang]]
language: {{language}} | [[language]]
fullurl: {{fullurl}} | [[fullurl]]
fullurlquery: {{fullurlquery}} | [[fullurlquery]]

Testing no-pdf

This part is in the pdf.

And this is the next part in the pdf.

Testing Articles and Sections

Now we are testing articles and the automatically created content block.

Over here should be the content block:

Article Block 01

Section 01

This is section 01.

Section 02

This is section 02.

Article Block 02
